For the 2014-2015 school year, teachers will receive only the salary increase for placement on the new, "fractionalized" salary schedule and are not entitled to additional movement. All current teachers shall be assigned a step value that is closest to the base salary less all supplements that were paid in 2013-2014.

As of July 1, 2015, all years of verified traditional public school or accredited private school teaching experience (in-state or out-of-state) will be recognized by the JCSD for initial placement on the salary schedule for new teachers hired within the system. The salary of the new hire will be changed on the regular pay date following verification of the teaching experience. Teaching experience must be verified within ninety (90) days from the date of hire.

Following initial placement, teachers shall move on the salary schedule in accordance with the following stipulated provisions:

2014-2015 Placement:

In 2014-15, the District will assign all AC teachers to the Performance Placement Schedule structured with \$200 increments beginning at \$35,000. The assignment of each teacher will be to a step that is the closest salary to but not less than the teacher's last base salary (without supplements).

In 2014-15, the District will assign all PSC/CC teachers to the Grandfathered Placement Schedule structured with \$200 increments beginning at \$35,000. The assignment of each teacher will be to a step that is the closest salary to, but not less than, the teacher's last base salary (without supplements).

2015-2016 Placement:

Each succeeding year, the adjustment method and amounts will be negotiated in accordance with Chapter 447.

Control Factors Administrative/Management and Supervisory Personnel

Unless otherwise recommended by the Superintendent, all persons being placed on the schedule for the first time will be assigned to Level 1 for the pay grade appropriate to their position. The Superintendent may assign placement above Level 1 subject to School Board approval to (a) insure that one who is a teacher in the district will not receive a “pay cut” when compared to their teaching salary projected for twelve months, or (b) provide an added incentive in recruiting and retaining a person with critically needed skills and experiences. Under no circumstances will a person being placed on the schedule for the first time be placed above Level 10.

When a person already on the administrative salary schedule is assigned a new district level position on the schedule, the person will be placed on the salary schedule (Pay Grade/Level) for the new position closest to their current salary, including supplements, if applicable. The person would not maintain the same Level status for the new district level, unless a decrease in overall salary would result. This paragraph shall apply only to an administrator whose move is to a district level administrative position.

A district level administrator who accepts a school based administrative position shall maintain his/her level on the schedule when assigned to the new pay grade.
