**Symptomatic Decision Tree**

**YOU ARE:**

- No known exposure
- Exposed* to COVID-19 positive case
- Exposed* to asymptomatic person who is awaiting test results
- COVID-19 Positive
- Returning from foreign travel or cruise ship

**Symptomatic**

- Symptomatic
- Asymptomatic

**Go home and return after**

- In school
- In sports or extracurriculars

**Symptoms end**

- Allow asymptomatic students to continue learning to the greatest extent possible
- At least 14 days have passed since last exposure
- At least 10 days have passed since symptom onset
- Allow symptomatic students to continue learning to the greatest extent possible

**Return after**

- At least 10 days have passed since symptom onset (20 days if illness is severe)
- At least 24 hours have passed since resolution of fever without the use of fever-reducing medications
- Other symptoms have improved

**Return if you meet all 3 criteria**

- Two consecutive negative PCR test results at least 24 hours apart
- If approved by your doctor or department of health

---

*Per CDC, exposure is close contact of 6 feet or less for 15 minutes or more.*

Contact at greater than 6 feet or for less than 15 minutes is generally not sufficient to transmit the virus.
